Water Well Drilling Permit Application

INSTRUCTIONS: The District's rules require a Drilling Permit for drilling, re-working, re-drilling, or re-equipping any nonexempt well. Please fill out a separate application form for each well to be drilled and submit the application to the District at the above address, along with any fee required by the District. Application fee is \$100.00.

APPLICANT'S INFORMATION: Please provide the information requested below. If the Applicant is more than one individual with different residences, attach a separate sheet with a description of each individual's respective interests in the well or well system, listing the names and addresses, and designating a contact person. If the Applicant is a corporation or other business entity, state its name and address below and attach written documentation that the Authorized Representative, whose name should be provided below, is authorized to represent the Applicant. If the Applicant is other than the owner of the property on which the well or well system will be located and the groundwater rights, provide the name and mailing address of the owner of the groundwater and property rights and provide documentation establishing the applicable authority to drill and operate the wells) for the proposed use.

Applicant: _____

Mailing Address: _____

Phone: _____

Email: _____

Contact/Authorized Representative: _____

(Please see Authorization form on p. 4. An email sent directly from property owner to PCUWCD General Manager – info@pcuwcd.org - will also suffice as authorization.)

Relationship to Applicant: _____

Mailing Address: _____

Phone: _____

Email: _____

PROPOSED LOCATION OF WELL: (Ranch name, address, and general description of well location.)

COORDINATES:

Latitude: _____

Longitude: _____

LEGAL DESCRIPTION: The well is located in the NW ¼,, NE ¼,, SW 1/4, SE 1/4, (Circle the one that applies) of Section _____, Block _____, Survey (or Original Grantee), Presidio County, Texas (if within a platted subdivision, give the lot _____, Block _____, and name of Subdivision _____).

PROPOSED DISTANCE FROM THE WELL OWNER'S PROPERTY LINE: _____ (feet/miles) North, _____ South, _____ East, and _____ West (approximate distance)

PROPOSED DISTANCE FROM NEAREST WELL (if known): The nearest well is _____ (feet/miles) to the North, South, East, West (Circle) of the well. The nearest well is owned by _____ (name of owner if not Applicant).

PRODUCTION OF NEAREST WELL: _____ gallons per minute

DISTANCE FROM SEWAGE OR WASTE FACILITY: (Including septic tanks and drain fields if known): _____ (feet/miles)

Note: If an exception to the District's spacing or production rule is desired, attach a certified addendum to this application in accordance with District Rule 11.2(c).

PROPOSED RANGE OF WELL DEPTH: _____

ESTIMATED RATE OF WITHDRAWAL: _____ gallons per minute

DESCRIPTION OF PROPOSED PUMP AND PUMP CAPACITY: _____

AQUIFER: This application is for a Drilling Permit from the following aquifer (if more than one aquifer, describe with specificity which well(s) will be drilled to which aquifer):

PROPOSED USE OF WELL:

State the nature and purpose of proposed groundwater use (check more than one box if applicable):

Domestic _____ Livestock/Poultry _____ Irrigation _____ Public Supply _____
Industrial/Commercial _____ Other (specify) _____

State the amount of water proposed to be used annually for each purpose:

Domestic _____ Livestock/Poultry _____ Irrigation _____ Public Supply _____
Industrial/Commercial _____ Other (specify) _____

Conditions and restrictions: List any conditions and restrictions, if any, proposed to be added to drilling permit:

Attach a written statement addressing each of the applicable criteria in Rule 5.2 (d), (e) and (t) substantiating why the Applicant believes the Board should consider each of these applicable criteria in a manner favorable to the Applicant.

Drilling Permit Term: This Drilling Permit is effective for 120 (one hundred twenty) calendar days after the date the District issues the permit. If each well is not drilled or if each existing well is not properly completed to meet all statutory and regulatory requirements for the intended purpose of use within the 120-day drilling period, the Drilling Permit expires. The General Manager may extend the Drilling Permit term beyond 120 days, if requested and good cause is shown.

Operating Permit: Immediately upon completion of a new water well, or reworking or re-equipping an existing water well, a completed Operating Permit Application must be filed with the District. An Operating Permit will not be renewed unless the well has been drilled at the time of renewal.

Declaration: I agree that reasonable diligence will be used to protect groundwater quality. I agree that the water withdrawn from the drilled well will be put to beneficial, non-wasteful use at all times. I agree to comply with the rules of the District, all groundwater use permit terms and conditions and plans promulgated pursuant to the District's Rules, Management Plan, and orders of the District's Board of Directors. I agree to comply with the District's well capping and plugging guidelines and to report any well closure to the Texas Commission on Environmental Quality. Furthermore, I agree not to produce groundwater from this well without a valid Operating Permit.

I hereby certify that the information contained herein is true and correct to the best of my knowledge and belief.
